

Introduction

The campus community is all set to witness the third edition of Riwayat. Riwayat 2025 commences on October 26th, with a series of exciting competitions running through to November 2nd, 2025 (tentatively). Organized by the Presidents' Office alongside its various cells, this event will host competitions spanning diverse areas such as Entrepreneurship, Alumni Engagement, Sustainability, Journalism, Democracy and Public Policy.

Organising Team

The organising team consists of the Presidents' Students Gymkhana, Convener, Council of Cells' Affairs, Organiser(s) and all the overall co-ordinators of Outreach Cell, Entrepreneurship Cell, Vox Populi, Community Welfare Cell and Election Commission and Public Policy and Opinion Cell.

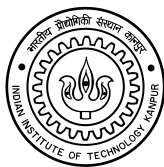

We shall also include Convener, Council of Students' Hostel Affairs, Chief Secretary, President's Office, Chief President's Nominee and Chief Marketing Officer, and In-Charge, New SAC, President's Office for smooth conduction of the events so they along with the organising team will not be allowed to take part in any competition of Riwayat.

The managers (editors in case of Vox Populi) of each cell will help in conduction of the event. So, all the managers of cells will not be allowed to take part in the event of their **own cell**.

We have also opted a few individuals for quizzing purposes, and thus are a part of the organising team and will not be allowed to take part for their pool.

Role of Riwayat Pool Captains

1. The pool captain meeting will consist of the President Students' Gymkhana (PSG) and the Riwayat Pool captains. Riwayat Pool Captains shall launch any complaint, if any, to the PSG during the event
2. Riwayat Pool Captain can request to call a Pool Captain meeting if there has been any controversy/complaint during the competitions
3. Riwayat Pool Captains shall be the only point of contact between the pools and Riwayat team in case of any complaint or grievance.
4. Riwayat Pool Captain will have the responsibility of ensuring smooth conduction of practices and maintaining healthy relations between seniors and first year students.

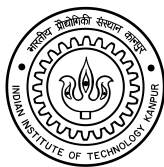

Role of Riwayat Organisers

Organisers will be responsible for assisting in the planning, coordination, and smooth execution of the event they are selected for.

Important Points

1. Any interaction of the pool members directly with the judges is strictly prohibited until the results for the event have been announced. Any such interaction with the judges after the score sheets have been submitted will require the approval of the organizing team. Pool found indulging in these activities without permission from the organizing team will be immediately disqualified from the event/competition.
2. The organizing team shall propose objective criteria of judging for the events as mentioned under each event head. However, the final decision is left to judges' discretion for judging criterion.
3. If any pool is found involved in negative cheering/using abusive words against some other pool/individual, on/around the event spot, then the pool can be disqualified from that particular event, at the discretion of the Riwayat Organising team.
4. Any changes in the rules, judging criteria or deadlines can be done later with the consent/voting of all Riwayat Pool Captains.
5. The schedule is subject to change, and the deadline of submission based competitions will be announced at a later time.
6. The Students' Gymkhana will hold the copyright for all the entries submitted in Riwayat'25 and is liable to use/showcase them on different occasions.
7. None of the entries should be uploaded on any social media platform or used in any other event. If found, the entry will be disqualified, awarding zero marks to the pool.
8. In case of any further discrepancy, the final decision making power rests with the Riwayat'25 organizing team.
9. Unavoidable circumstances leading to clashes of any sort shall be discussed. However, the Riwayat Pool Captains have to inform the Riwayat'25 core team of such an issue 24 hours before the event.
10. Meeting with pool captains can be declared closed door anytime in discretion with PSG according to situations, and only the following members are allowed in the meeting:

- a. President Students' Gymkhana
- b. Pool Captains of each Pool

11. SGRC complaints will be allowed within 24 hours from the declaration of the results and for GRC, within 24 hours from the announcement of SGRC decision.

Student Grievance Redressal Committee (SGRC)

Any grievances not solved by the organizing team shall first go to the SGRC. The SGRC will comprise of the following:

1. Anukalp Rai (Convener)
2. Harshit
3. Kuldeep Sandip Thakare
4. Shruti Ramchandra Dalvi
5. Pawan Dhakar

Grievance Redressal Committee (GRC)

Any grievances not solved by the organizing team and SGRC shall go to the GRC. The GRC will comprise of the following:

Composition

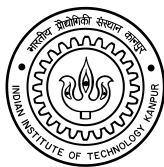

1. Dean, Student Affairs
2. Associate Dean, Students' Activities
3. General Secretary, Science and Technology
4. Chairperson, Students' Senate
5. Faculty Counsellor, Academics and Career

Note that the decision of GRC will be **final**; no reinvestigation-related concerns shall be addressed further.

Point Structure

For any competition held in Riwayat'24, the points shall be awarded finally to the pool. Every competition has got some specified maximum points, and the points would be awarded as follows:

- 1st Place: 100% of the maximum points
- 2nd Place: 65% of the maximum points
- 3rd Place: 35% of the maximum points
- 4th Place: 20% of the maximum points

- 5th Place: 10% of the maximum points

The overall final rankings of Riwayat'25 will be announced after adding the points obtained by each pool in each of the above competitions.

NOTE:

1. In case of a tie, say two 1st positions are awarded, then there will be no second position and points of first position would be the mean of first and second positions' points.
2. Any pool found guilty of outsourcing (outside their pool) will be disqualified from the event awarding zero points to the pool.
3. If a pool doesn't participate, they get **0 points** for that event, and the same point distribution will be followed for the rest.
4. In case, any manager is found to have any involvement in the organisation of the event which might/might not result in the benefit of any particular pool, the organising team shall have the right to take action against the person and/or penalise the pool.
5. In case of any confusion regarding the interpretation of any point mentioned in the pre-conduction report, the Riwayat Pool Captains must proactively consult the organising team for clarification. However, in the case of any controversies arising out of misinterpretations, the PSG shall have the last word.
6. The decisions given by the judges are final and binding.

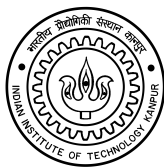

Policy of awarding the points to the pool:

The final points shall be awarded to the pool in all the competitions and not individual team submissions, even if there is more than one team per pool. The total points given by judges to the teams of each pool shall be summed up to award the final points of the event except for the events in which the criterion for the total points is mentioned specifically.

Submissions and Late Penalty

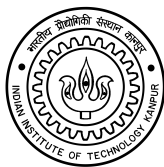

In order to ensure that the events start and end on time, strict penalties will be applied to any participating team that is late for the event or submission. The penalty rules are as follows:

- A live event is said to have commenced after all the judges are present (no event will be started before the scheduled time).
- For all events, the penalty system mentioned in the event rules shall be followed. In case no specific penalty system is mentioned, the following

penalty system will be followed:

1. **For submission-based events:** Upon exceeding the time limit, a linear penalty will be applied which will begin at 10% and will progress by 15% for every 15 minutes (i.e. a total delay of 15 minutes will call for 25% penalty, a total delay of 30 minutes will call for a 40% penalty and so on). The penalty is on the marks scored by the entry and if it is late by more than 90 minutes, the entry will NOT be accepted
2. **For live/ stage events:** a warning call will be given to the late Pool(s) 5 minutes before the commencement of the event or the slot. Another window of 5 minutes will be given to the late Pool(s) after the warning call has been made. Failing to show up after a total of 5 minutes from the start of the event/slot, a direct penalty of 10% will be applied. This will increase linearly by 10% every 5 minutes (as elaborated upon in the previous point).
3. For events in which the presence of all the pools is necessary to start the event, a warning call would be given to the pool captain, and 10 minutes would be given to the pool to arrive at the event. If the team fails to arrive the pool gets a penalty. After three such penalties, the pool is disqualified from the event in which they are late to the scheduled time.
4. All the late penalties will be applied to the total score achieved by the participating Pool in the competition after the judges submit the scores.
 - a. The late penalty will be applied by the event managers at the discretion of the Riwayat'25 organizing team. The final decision will be that of PSG.
 - b. In case of submission based competitions, other participating teams are allowed to wait alongside the managers until all submissions are made in order to ensure the proper penalty is applied wherever necessary.

Celebrating Democracy(150 Points)

Organised by : **Election Commission and Public Policy and Opinion Cell**

Public policies that shape communities are born through discussion, deliberation, and negotiation. Celebrating Democracy is a week-long simulation that brings these real-world processes to campus — from multi-stakeholder negotiation to policy debate and decision-making.

Celebrating Democracy is a seven-day simulation designed to mirror the real-world process of policy negotiation and lawmaking. Spanning for a week, the event aims to give participants hands-on experience in democratic decision-making, consensus building, and structured debate.

The first phase, SAMJHAUTA, will simulate multi-stakeholder negotiations between five key groups — **the Student Body, Institute Administration, Faculty Council, Workers' Union, and a neutral Civil Society/Policy Expert group**. These stakeholders will deliberate over sub-issues such as voting rights and governance. The phase will include orientation, intra-party meetings, and moderated negotiation rounds, culminating in either a consensus proposal or multiple competing drafts that reflect differing stakeholder priorities.

The second phase, SANSAD, will transform the negotiated drafts into formal bills for parliamentary-style debate. Pools will be reassigned as Members of Parliament representing the Ruling Party, Opposition, and Independents. The bills will be presented, debated clause by clause, and subjected to amendments and final voting under the supervision of a Speaker.

Structure:

1. Each stakeholder group (e.g., Student Body, Administration, Faculty Council, Workers' Union, Civil Society) will have **4 members** (1Y25+1Y24+1Y23 compulsorily)
2. All decisions by the **Judging Panel** are final and binding.
3. Plagiarism or pre-written speeches copied from online sources may lead to deduction or disqualification.
4. The chits for five key groups will be picked up by the pool caps during first pool cap meeting

SAMJHAUTA: Negotiation Round Rules

1. Each negotiation session will be moderated by the chairperson and vice chairperson.
2. Every stakeholder team will be given fixed time for giving opening and closing statements. There will be a penalty for breaching the time limit.
3. The discussion will proceed through sub-issues (e.g., representation, funding, governance).
4. Teams may request formal or informal votes during sessions to gauge leanings and adjust strategies.
5. A team will be penalized for missing a round or failing to submit their position statement in time.
6. At the end of SAMJHAUTA, teams must produce either:
A Joint Consensus Draft, or Multiple Competing Drafts that will serve as Bills for SANSAD.
7. Pool failing to do so will not be able to participate further in the next round.

SANSAD: Parliamentary Debate Rules

1. There will be 5 parties - 2 Ruling Party(of the Ruling Alliance i.e BJP and JDU, 2 Opposition Party(DMK and INC) and 1 Independent (BSP).It will be decided on the basis of chit.
2. The Chairperson in consultation with the Vice Chairperson will moderate the proceedings. There will be secretary to note down the proceedings of the session
3. Bill Presentation: The draft(s) from SAMJHAUTA will be introduced as the primary bill for the session.
4. Members will debate clause by clause, propose amendments, and vote.The final bill will be passed, rejected, or sent back for revision based on majority vote.Observers are allowed but they cannot take part in the discussion.
5. Points of Order or Privilege may be raised only with the Speaker's permission.
All remarks must be addressed through the Chairperson to maintain decorum.

Sustainability Challenge (100 points)

Organised by: **Community Welfare Cell**

We plan to release some problem statements regarding current issues on campus, e.g. Food wastage, waste management, animal welfare, and mental well-being, and ask participants to do some ground research and develop implementable plans and ideas to solve them.

Rules:

- Each pool can form a team comprising a minimum of 5 and a maximum of 10 members.
- A list of problem statements related to campus issues (e.g., food wastage, cleanliness, animal welfare, mental well-being, etc.) will be released. Each

team must choose one problem statement that aligns with their interests and skills.

- Ground research is encouraged through interviews, surveys, and observations to gather relevant data.
- Teams must submit a detailed proposal outlining their research findings, the chosen problem's root causes, and a comprehensive plan to address the issue.
- Proposals should include a timeline, budget estimates (if applicable), and potential partnerships with campus organizations.

Judging Criteria:

- Research and Data Collection (25%):** Quality and thoroughness of research, including interviews, surveys, and observational data.
- Feasibility of the Solution (25%):** Practicality and applicability of the proposed solution, including resource availability and implementation on campus.
- Innovation and Creativity (40%):** Originality of the approach, innovative use of technology or novel ideas to address the problem.
- Documentation and Reporting (10%):** Clarity, organization, and comprehensiveness of the proposal, including the quality of the timeline, budget, and potential partnerships.

We The People OF IITK (Video) [100 points]

Organised by : Vox Populi, Outreach Cell

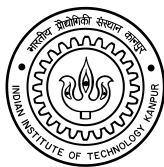

No of Teams per pool: 1

No of people per team: 5-6 (at least 50% of participants should be from Y25 batch)

Participants are required to create a 5-10 minute documentary video exploring the evolving landscape of student freedom, expression, and campus life at IIT Kanpur from its early years to the present day. The documentary should adopt a journalistic approach, tracing how ideas of freedom, censorship, and student representation have developed over different time periods, and how Gymkhana activities, student media, and administrative dynamics have shaped this journey.

The video could weave together narratives from multiple perspectives through interviews with alumni, faculty, and current students, as well as insights drawn from archival materials, past Vox Populi articles, news reports, and any available footage or documents.

Participants are encouraged to highlight key events or moments that

influenced the campus discourse on freedom and expression, and reflect on how the spirit of IIT Kanpur's student community has evolved amid challenges and changes.

Teams must submit the final video along with a Google Drive folder containing the resources and references (articles, interviews, archives, etc.) used in the making of the documentary.

Rules:

1. The video should be 5-10 minutes long.
2. It should include interviews, archival footage (if available), and narration to provide context.
3. All interviews must be conducted with permission, and all featured individuals must approve their appearance in the video.
4. All information provided should be accurate and well-researched. Capture the untold stories of the campus that have shaped generations of the legacy of the IITK.

Judging Criteria:
